Making Change...

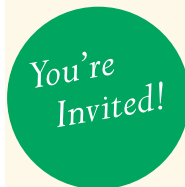

in Our Community and the World

*AFP Celebrates 50 Years of Promoting Giving, Volunteering
and Ethical Fundraising*

The Association of Fundraising Professionals (AFP), the largest association of professional fundraisers in the world, is celebrating its 50th anniversary. Created in 1960, AFP works to educate fundraisers in all areas of philanthropy and fundraising, and requires members to annually affirm their commitment to its Code of Ethical Principles and Standards, which is used by charities around the world. AFP also increases awareness about the importance of giving and volunteering through its public education programs and National Philanthropy Day® celebrations, which recognize extraordinary donors and volunteers.

The AFP Central Ohio Chapter has served the Columbus area for over thirty years and now represents 250 individuals who work for a wide variety of charitable organizations. The Central Ohio chapter has been a leader in promoting philanthropy and ethical fundraising and has been recognized as a “Ten Star Chapter” by AFP International. Chapters receive the Ten Star Award for performing specific activities designed to increase professionalism within fundraising and public awareness of the importance of philanthropy.
